2024 Delaware County Junior Fair Sales

Dear Junior Fair Supporter:

The Delaware County Junior Fair Sale Committee invites you to attend and participate in this year's Junior Fair Livestock auctions on Tuesday and Wednesday night. Since 1958, the success of the sales is because of the support of individuals, businesses, or organizations such as yours. We cannot thank you enough for being a supporter of the Delaware County Junior Fair Sales.

Please join us for a bidder's dinner located near the Pig & Lamb Barn starting at 5:00pm. You may also visit the clerk's table to pick up your bidder's number, turn in the enclosed bidder's card, and pick up a sale program during this time. Your bidder's number is the same for both Tuesday and Wednesday's auctions. If you are new to the auctions, you will also be able to register and get your number. If your company has a logo they would like displayed during the sale, please send the logo to delcojfsale@gmail.com before September 11th.

As in the past, buyers can add-on money to the sale, either to an individual or to an entire group, such as all goats, rabbits, beef cattle, etc. This year, buyers may also add-on virtually. The Add-on Bid Form and payment options can be found at https://linktr.ee/delawareco_jrfairsale. All add-on bids must be submitted by the end of the day Wednesday.

We have quite a few changes in your options: what happens to your purchase of individual animals and which species have the option for being processed for your freezer. Please carefully read the information on the options available to you.

Our committee is looking forward to seeing you at the Tuesday and Wednesday sales. If we can be of any assistance to you prior to the sale, please contact Katie Meade at kvanhooose@delawarecountyfair.com or (740) 362-3851. Thanks again for your support.

Delaware County Junior Fair Sale Information

Sale Format:

This is a Premium Bid sale, which means that you bid a premium above the market price of the animal. The winning bidder must declare the destination of the animal at the time of purchase in the sale ring. The auctioneers will assume you want to turn the animal over for resale if you do not state otherwise immediately after you obtained the successful bid.

If you purchase the animal above the premium, you must pay the total market value of that animal as listed in the sale program in addition to paying the premium bid. Processing is an additional cost to the buyer and the buyer must handle it directly with the meat processing facility. Not all animals are available for purchase as freezer meat.

Champion and Reserve Champion Destination Options

- Resale: You only pay the premium bid and the animal goes to a packer who pays the youth the market value of that animal.
- Consumption as freezer meat: You must pay the premium and total market value of the animal as listed in the sale program to the sale committee. Market value is the animal's weight multiplied by the market price. You will pay processing fees directly to the processing facility. Processing facility fees will be on the front page of the sale program.
- Market Rabbits: Not available for meat processing. Resale is the only option.
- Market Poultry: Available to process for freezer meat with no additional market price. You must pay processing fees directly to the processing facility.
